### **About Rani Therapeutics**

Rani Therapeutics is a clinical stage biotherapeutics company focused on the oral delivery of biologics, which we believe will have the potential to transform medicine and improve patient outcomes. The company has developed the RaniPill™ capsule, a novel, proprietary and patented platform technology, intended to replace subcutaneous or IV injection of biologics with oral dosing. Rani has successfully conducted several preclinical and clinical studies to evaluate safety, tolerability and bioavailability using the RaniPill™ capsule.
